

Chicago Coin's Big Strike

Here's the totally new bowler you've been waiting for.

Total good looks

- Newly restyled cabinet—we made it handsome enough to complement any location
- Lower silhouette—Big Strike's backrack rises just 67½", almost half a foot lower than our past bowlers
- Smaller scoring drums—they help give the machine its refined good looks

Super serviceability

- Hinged socket and reflector board—Big Strike can be serviced without moving from wall
- New, extra-easy removal of backrack glass through use of lock and key on top of cabinet
- New, easy to remove roll-over panel—It's a snap to take off from the top, and it's separate from rest of panel
- Wax collector—no messy wax can fall out when panel is opened and turned over.

Super play and profit features

- New feature—Big Strike—plays one shot per frame, scores 300,400 or 500. Pin count scores 10 points for every pin knocked down. Playing time is ⅓ faster.
- And all the great profit-proven features from our previous bowlers—regulation scoring, keep striking, beer frame (200 or under optional) flash-o-matic

New lower silhouette only 67½" high.

Packed dimensions and weight

Height 35"	88.90cm
