MAKE A KILLING AT HALF THE COST!

This is the stuff legends—and nightmares—are made of. Welcome to the twisted world of **CarnEvil**, the most frighteningly realistic first-person shooter ever unleashed on the living. If you can dig up the courage, then take your chances in this **horrific sideshow** of freaks, phantoms and furiously fast action. Twisted temptresses and tortured souls abound as you shoot your way out of **The Haunted House, Chamber of Horrors, and Ricketty Town!**

If you can survive the more than forty kinds of **phobia-inducing** characters that want to make you a permanent fixture in their ghoulish gallery, then it's on to the **Big Top**, where only the fiercest of freaks reside.

Over 40 different characters to battle

CarnEvil is more than just the **scariest** shooter around, it's an awe-inspiring cinematic experience. The **sinister** cast of characters has been conjured up from the **darkest** depths of your imagination. The stunning 3-D environments are portrayed in such **gruesome** detail, you'll think you're trapped in a horror film.

Addictive arcade action will keep those quarters coming

You'll marvel at the movie-like graphics

CarnEvil boasts the **goriest** graphics of any game you've ever seen and is guaranteed to give players **nightmares** until they can battle their way out of the Big Top.

No game is more **frightening** or more fun than CarnEvil!

Shotguns, flame throwers, and acid baths are your devices of destruction

The only first-person shooter to feature both 3-D characters and fully rendered environments

Twice the terror-value of other first-person shooters
