# Carnival-100

has these important Seeburg features . . .

- Dazzling array of dramatic confetti colors wrapped in a swirl of glistening silvered metal.
- Outstanding stereo sound system to capture the dynamic totality of today's music.
- Sized for minimum space . . . Carnival-100 is only 48 $\frac{1}{8}$ " high, 31 $\frac{1}{2}$ " wide, 23 $\frac{1}{2}$ " deep.
- Equalization Switch specifically designed by Seeburg to accommodate different recording characteristics of all record labels.
- Famous Seeburg 100 selection vertical play Select-O-Matic record mechanism.
- Built-in provisions for remote volume control.
- Exclusive Seeburg Tormat Memory Unit.
- High compliance Seeburg designed Pickering Magnetic pickup.
- Solid State Circuitry for long life and trouble free play.

## Seeburg Accessories

### Model UCS-1 Universal Column Speakers

For either horizontal, vertical or corner mounting. Designed to achieve a smooth, even response and wider dispersion of sound than conventional speaker units. Each incorporates two 8" speakers, a low frequency woofer and high frequency tweeter with crossover network. Sizes: 35 $\frac{3}{4}$ " x 9 $\frac{3}{4}$ " x 6 $\frac{1}{8}$ ".

### Remote Volume Control (Optional Accessory)

Remote volume control unit allows adjustment of volume of music being played to suit the size of your crowd from a remote position without going near the main Carnival-100 phonograph console. Permits you to reject record playing, too, if necessary. An amazing convenience . . . installation is quick and easy.

### Model TP1K Transistorized Paging System

Completely self-contained solid state paging system readily plugs into the amplifier of Carnival-100 with minor modifications. Counter top styling for use in any location from bar to bowling center to restaurant. Press-to-talk bar automatically lowers phonograph

sound for "paging" over music being played. Rugged die-cast zinc alloy housing. A handy, inexpensive short-cut to improved communications for both your customers and employees. Weight 2 $\frac{1}{2}$  lbs. Size: 9" high x 6" deep x 4" wide.

### Compact Wall Speakers

Designed to provide a superb high fidelity sound reproduction when additional music distribution is re-

quired. Size: 16 $\frac{1}{2}$ " x 12" x 7 $\frac{3}{4}$ ".

**Model TW1.** Wall Mounting Speaker

**Remember . . . Seeburg equipment is Built, not adapted, for use anywhere in the world**
