# THERE'S EXCITING ACTION ON THIS MERRY MIDWAY!

With its humorous targets and spectacular Black Light effects, Coney Island offers an appeal and a challenge to skill that players can't resist! Individual targets appear momentarily in unpredictable sequence, calling on the player for quick reaction and fast, accurate shooting against time.

## Moving Targets

- "Leapin' Louie" bounces across the midway on a pogo stick. Each hit scores 100 points and target reverses direction, giving player additional scoring opportunities.
- Travelling Bullseye in shooting gallery scores 100 points each hit.

## 5 Pop-Up Targets

- Ticket Seller in booth
  - Sewer Worker under manhole cover
  - Witch pops out of side door
  - Trembling Ghost in haunted house window
  - Vibrating Skeleton in haunted house door
- When hit, targets score 100 and disappear.
