NOW YOU'RE GOING PLACES!

The inside of a carwash will bring daydreams of Atlantis. A tree-lined street will feel like the Amazon. Because Cruis'n Exotica is here!

This third Cruis'n game has 12 crazy new tracks, the new Zeus 2 hardware, killer graphics and a motion seat.

But as impressive as the game itself is, let's discuss what really matters. Cold, hard coinage.

In 1994, Cruis'n USA was released and in 1996 Cruis'n World. Both were named AMOA Game of the Year. To date, the two combined have collected over one billion dollars worldwide. Fact is, the average Cruis'n game pays for itself four times over.

Which means they are incredibly popular with the players, and extremely unpopular with the bankers who count the quarters.
