A Mysterious asteroid appears orbiting the planet. It is soon discovered that the asteroid is really an alien war machine bringing invaders to the Earth! The people of Earth build giant, flying, fighting robots to save humanity. Now you take control of one of Earth's robot saviors and do battle with the alien attackers!

- Interactive motion! Feel your chair fly up and down and from side to side as you fly your robots into battle. Dodge enemy attacks or the explosions will rock and shake you around!
- 5 unique levels with mysterious and exotic environments.
- 3 different robots to control - Choose your favorite look and color.
- 5 challenging level bosses to defeat.
- Cool 3D graphics effects with colorful explosions and intensely fast action animations.
- Original soundtrack with high-energy techno beat keeps pace with the intensity of the action.
