GO FOR THE

GOLD

Go for the newest shuffle alley masterpiece from the shuffle alley masters at Williams!

GOLD MINE is a game rich in innovation, engineering and design. The sleek cabinet with its extra-fast playfield, powerful new speech and lively original music all enhance exciting play. There's the Williams classic ways to score—Regulation, Strike 90, Super Strike and Flash. And now there's GOLD STRIKE, for new bonus challenge!

GOLD STRIKE scores like regulation bowling, except for one huge difference! At the beginning of each frame, bonus lights rotate on the backglass and stop at random on a value. If the player gets a strike in that frame, he collects the higher lit value; if he gets a spare, he collects the lower lit value. It's a bonus bonanza that's sure to keep players goin' for the gold!
