HYPER 64 **NEOGEO 64**™

HYPER NEO GEO 64™

The Ultimate NEO GEO Is Here!

The easy-to-handle, high cost-performance NEO GEO has reached a new level of excellence. Now it packs two capabilities: A high-grade 3-D function that produces life-like computer graphics, and a sophisticated 2-D function for sleek and vivid animation. These dual functions come together in a single piece of hardware-Hyper NEO GEO 64. A PCB that will open a new frontier of profitable possibilities in the amusement world.

Software cartridge

Main PCB

I/O PCB

- Displays 2-D and 3-D images at 1/60 of a second.
With the combined presentation of realistic computer-graphic images and full sound, players will experience a new level of virtual amusement.
- The convenient, removable ROM-cassette format lets anyone change software easily.
- Functions can be added to meet the special demands of software.

Hyper NEO GEO 64 (Specifications)

<Overview>	CPU: 64-bit RISC chip RAM: 4MB Program Memory: 64MB
<Video>	VERTEX memory: 96MB (max.) Texture memory: 16MB (max.)
● 3-D section	Displayed sprites: 1,536/frame (1 frame = 1/60 sec.)
● 2-D section (Sprite)	Character memory: 128MB Main functions: Enlarge and reduce (scaling); up/down, right/left reverse; montage; chain; mosaic; mesh; action
● 2-D section (Scrolling)	Scrolling screens: 4 (max.) Character memory: 64MB Main functions: Enlarge, reduce (scaling); revolution; morphing; horizontal/vertical screen partitioning; horizontal/vertical line scrolling
● Palette	Colors: 16.7 million/4,096 (displayed simultaneously)
● Sound	Channels: 32 Sampling frequency: 44.1KHz (max.) Wave memory: 32MB

SAMURAI SHODOWN 64

The famous fighting game that revolutionized the genre, Samurai Shodown, is now available in 3-D. Along with its improved action, the number of sophisticated elements made possible with Hyper NEO GEO 64 will grab players' attention and put them in the world of the samurai.

ROADS EDGE

The first full-scale RV driving game for use with a custom cabinet holding the Hyper NEO GEO 64 system. In this original game, players can drive genuine RV vehicles. With the unique game system, it's sure to be a hit with a wide range of players.

SNK will continue to develop game titles filled with excitement and exploiting the full potential of the new Hyper NEO GEO 64 PCB's special capabilities. Keep your eyes on us!

Take the new Samurai Shodown ...

Beginning with the 1997 AOU Show and several subsequent exhibitions, this title created a huge response from a variety of fields after a video presentation. Now the real thing is here and will be one of this year's standout titles!

Thanks to Hyper NEO GEO 64 and its sophisticated 3-D and 2-D computer graphics functions, Samurai Shodown 64's colorful backdrops and innovative presentations are sure to make it a bankable blockbuster.

● Samurai Shodown, the 2-D fighting game that caused a major sensation, is here in its long-awaited 3-D incarnation!

● Smash through screens and plow into the next room! Fall through floors into hidden cellars! And in the first three-dimensional 360-degree battlefield, an expanding, furious epic sword battle unfolds.

● Characters ranked at the top of game fan's lists are even more appealing thanks to Hyper NEO GEO 64. And a new story with new characters guarantee increased popularity.

● Slash! Punch! And run! A game that unfolds just like a samurai movie. Realize the action using two attack buttons and two action buttons.

● Through motion capture and 2-D animation technology, stunningly fluid and real movement is reproduced. Each character also comes with their own set of unique expressions for greater and more intense player recognition.

Get RV Happy!

The cheerful sportability of RVs is reproduced on Hyper NEO GEO 64!

With a sense of freedom not found in previous racing games, gather a wide-range of players.

- A round-trip race on the roads of the world. Strategies vary while player's travel up and down a single road and face oncoming obstacles and cars! A full complement of new game elements awaits.

- Real RVs appear! Not only realistic, this game is a guaranteed trend-setter!

- The game's "reactive handle" lets you experience the sensation of RV driving. Sling through sharp curves and be jolted by bumpy roads. A full sound system is included in the custom cabinet to produce powerful sound effects and enticing background music for real physical thrills.

- Select from an easy-to-handle overlooking view or a thrilling "in-the-driver's seat" view.

- Choose from Championship Mode, and race for the finish line within the time limit, or Trial Mode, where you can take on up to four players simultaneously on your favorite course.
