

NINJA NINJA ASSAULT™ ASSAULT

You've got one choice... make your way through 9 stages, defeat numerous fierce bosses and rescue Princess Koto before the evil warlord uncovers the secret to the Mach Gun. If you don't... you, your family, friends, and the rest of the world will be livin' life a little differently!

Enemies have their own vitality. Life bars above their heads indicate how much "life" is left in their battered bones. Players can renew their own life by finding and snatchin' "first aid crosses" hidden within boxes and other objects throughout the stages. There are also hidden ways to increase your score.

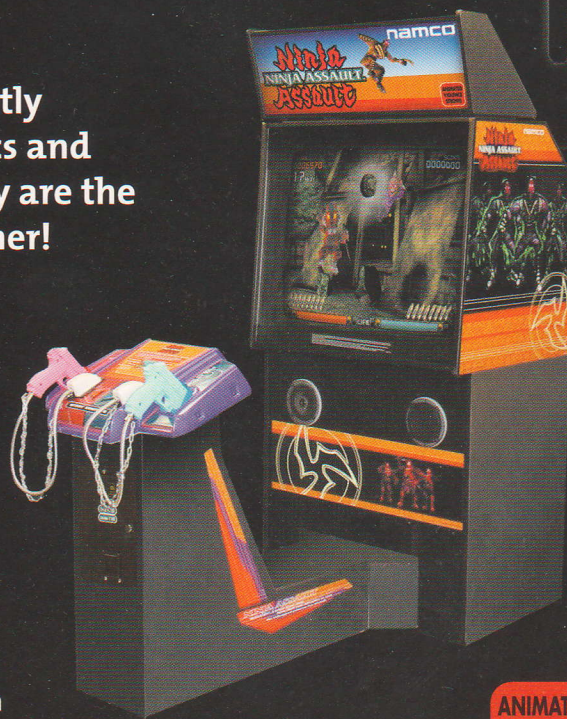

The crisp, brilliantly detailed graphics and hard core game play are the essence of this winner!
