Grand Styling of the Forties...Technology of the Eighties

Nostalgia lets you see the record play.

Rock-Ola Nostalgia

Rock-Ola's new NOSTALGIA Jukebox combines the exciting, vintage look of yesteryear with today's superior, state-of-the-art jukebox sound. Designed for the eye and engineered for the ear, NOSTALGIA is truly "sense-sational."

Responding to the public's fascination with the style of decades gone by, Rock-Ola has encased the best of today's jukebox technology in its distinctive NOSTALGIA Cabinetry. From public areas to private homes, NOSTALGIA's design has ageless appeal, bringing style and class to every environment.

Stocked with a tremendous combination of popular oldies and today's top hits, NOSTALGIA is a non-stop eye pleaser, ear pleaser, crowd pleaser, which only will increase in value as the years progress. A "sense-sational" experience for young and old alike, Rock-Ola's NOSTALGIA is setting today's standard of excellence in jukebox manufacturing.
