### SEGA RALLY CHAMPIONSHIP FEATURES:

The most realistic head-to-head Rally driving simulator ever created!

- Negotiate the irregular road surfaces
- Use the Drift effect to clear sharp corners and compete for the championship with other players
- Twin Clutch steering reaction mechanism helps to reproduce the sensation of different road surfaces and real cornering. An innovative "Active Shock Generator" transmits vibration and impact linked with the screen and the seat.
- Rally can be linked to interconnect up to four machines. Single player mode as well as "VS." or Interactive mode allows up to 4 players to compete against each other
- Two game modes include "Practice", which has players complete a selected number of laps within a specific time allotment.
- Two-stage perspective alternates to and from "Driver's Eye View" to "View from Behind" for your convenience.
- Icons and voices help navigate the players.
- Three levels of difficulty: EASTY (DESERT); MEDIUM (FOREST); and EXPERT (MOUNTAIN).
- Your choice of Automatic or 4-speed
