AT THE

SHUFFLE INN™

Bars. Taverns. Game rooms. Everyone will "shuffle inn" to their local locations to play the latest shuffle alley sensation from the masters of the game.

With SHUFFLE INN, Williams Electronics establishes a new standard of excellence for an enhanced sound and speech effects package, improved technological advances, exciting game scoring options, quality craftsmanship and state-of-the-art engineering.

And only SHUFFLE INN delivers such imaginative entertainment for players . . . plus solid, steady earnings for operators.

There's the proven play appeal of REGULATION, which has endured as a shuffle alley classic; FLASH, where timing is everything for

But there's still more for shuffle alley fans of all ages. SHUFFLE INN introduces BIG STRIKE, an innovative game option that will have players coming back time and again to test their skills. Scoring is just like regulation bowling with a big strike difference that is sure to please. Each time players light three Xs in a row on the backglass grid, a special 500 point bonus is awarded. And, when players can achieve strikes in all the odd numbered frames to light up the Big Strike, a spectacular 3,000 point bonus is collected at the end of the game.

SHUFFLE INN continues the Williams tradition of shuffle alley excellence and features a dependable, laminated, hard and true surface for long lasting wearability. In addition, advanced diagnostics, comprehensive bookkeeping functions and service-made-easy with easily identifiable connectors and printed

circuit boards make SHUFFLE INN a unique attraction that will keep players bowled over for years to come.
