

STAR WARS™

EXPERIENCE "STAR WARS" VIRTUAL REALITY!!

GAME CONFIGURATION

1 or 2 Player Sit Down

MONITOR

50" large projection television

CONTROLS

V.R. Button, Joystick, Throttle Lever

GAME FEATURES

A 3-D shooting action game with "MODEL 1" CG board lets you enjoy the battle scenes like those in "Star Wars", the movie. You are a Jedi Knight, embarking on the rebels' X Wing Fighter. Be confident of the power of The Force and destroy the Empire's key points!

- o A V.R. button alternates two different perspectives.
- o Operate the X Wing Fighter with the Analogue Joystick.
- o Attack your oponent with Laser Beam and Proton Torpedos by using the buttons.
- o A Throttle lever allows you to adjust your speed.
- o With 1P play you are the pilot *and* the gunner simultaneously.
- o With 2P play, you and your co-pilot can alternate as the gunner or the pilot.
- o 3-D Computer Graphics create super-realistic, high speed visuals.
- o 180,000 polygons a second.
- o Exciting "Star Wars" graphics on an ultra-large 50 inch high quality monitor attract customers from far away.
- o Expect high and long term earnings with the "Star Wars" name!
