

The background of the entire page is a complex, layered collage of characters from the Virtua Fighter series. The characters are rendered in a highly stylized, metallic, and reflective manner, with a color palette dominated by gold, silver, and bright yellow. The faces of the characters are partially obscured by overlapping, translucent layers, creating a sense of depth and intensity. The lighting is dramatic, with strong highlights and deep shadows, emphasizing the metallic textures.

Virtua Fighter 3

IT's Alive!

Better stand back, you have no idea how real this will get! VIRTUA FIGHTER 3 delivers the most incredibly realistic action ever! This fighting masterpiece brings us to a new dimension of video game action!

- **First title to utilize Sega's MODEL 3 Board!** The Model 3 Board creates a level of realism never-before-seen in video games. Virtua Fighter 3's detailed graphics, smooth motions and meticulously detailed backgrounds go above and beyond all 3D fighting games!
- **1,000,000 Polygons Per Second!** Virtua Fighter 3 is three times faster than Virtua Fighter 2!
- **Unprecedented Realism!** Expressions are amazingly life-like and body movements are smoother than ever!
- **Advanced Visual Effects!** New Shading and Lighting effects, along with various special effects such as Semi-Transparent Processing, make Virtua Fighter 3 *the cutting-edge gaming technology advancement of the decade!*
- **Dramatic Changes in Landscape!** The fighting arena is no longer limited to a ring. Backgrounds feature slopes, walls, edges and various obstacles that create intense battle contests!
- **New characters!** Aoi Umekomichi, Taka Arashi and a new Mystery Character are making Virtua Fighter fans crazy with anticipation!
- **Each character has their own arena!** Each Virtua Fighter character has their own unique battle-ground, creating a multitude of challenges for gamers! There's a total of 13 different battle-fields!
- **The Effects of Nature!** Game play is affected by the natural surroundings of each play field. For example, players will experience the natural resistance of moving through sand and water, as well as the effect of height differences while fighting on rocky landscapes. This feature greatly increases the need for strategy to excel at Virtua Fighter 3!
- **New "Escape" Button Added!** This button allows the player to dodge enemy attacks!
- **Player commands have been combined and simplified!** Players can now accomplish many techniques with simple commands. Even novice players can quickly use the big time moves!
- Various skill levels create challenges for players at all levels of expertise.
- Virtua Fighter 2 fans will be excited to adapt their fighting skills to the improved moves and commands of Virtua Fighter 3!
- Virtua Fighter 3 is an AM2 game produced by Yu Suzuki, one of the world's top game developers!

• The Virtua Fighter series has sold more than 40,000 arcade units worldwide!
