Sega Sports serves up red-hot action with Virtua Tennis! Choose from some of the world's best ATP professional players!

Sega's powerful Naomi hardware system delivers graphics and game play that blur the line between fantasy and reality! Smash and dash, dump shots, shoestring saves, cross-court volleys and many other exciting tennis shots are painstakingly reproduced with clarity and precision!

Game play begins with one player putting the ball in play by hitting the serve button. A power meter determines how hard you serve the ball! Hit it at peak power for maximum velocity!
