

WARRANTY

Manufacturer warrants each product of its manufacture to the original purchaser thereof to be free from defects in material and workmanship if properly installed, serviced, and operated under normal conditions according to Manufacturer's instructions.

Manufacturer's obligation under this warranty is limited to: correcting without charge at its factory, or company-operated Service Centers any parts which shall be returned there, transportation charges prepaid by the original user, within one year after being purchased by the original user, and which examination shall disclose to Manufacturer's satisfaction to have been originally defective.

This warranty shall not apply to any of Manufacturer's products which must be replaced because of normal wear, which have been subject to misuse, negligence, or accident, or which shall have been repaired or altered outside of Manufacturer's factory unless authorized by Manufacturer. Manufacturer shall not be liable for loss, damage or expense directly or indirectly from the use of its products or from any other cause. Manufacturer makes no warranty whatsoever with respect to component parts which are warranted separately by their respective manufacturers.

The above warranty supersedes and is in lieu of all other warrants, expressed or implied, and no person, agent or dealer is authorized to give any warranties on behalf of Manufacturer nor to assume for Manufacturer any other liability in connection with any of its products unless made in writing and signed by an officer of Manufacturer. The term "original purchaser", as it is used in this paragraph, shall include only such persons, firms, associations or corporations as buy MMI products from authorized MMI Distributors or their authorized dealers.
