GAMEPLAY

Jump aboard Sega GameWorks' motion based WAVERUNNER simulator for the ultimate nautical race! WAVERUNNER features astounding 3D graphics that dunk you in the ocean for a splashing good time!

- Some of the best motion simulation ever! WAVERUNNER's 3-axis motion system allows gamers to feel all the turns of the ocean speedway. The cabinet moves up, down, left and right!
- **WAVERUNNER BY YAMAHA MOTOR CO.!** WAVERUNNER features an actual **YAMAHA MOTOR CO. WAVERUNNER** that is built into a hydraulic cabinet. You can't get any more realistic without putting on a wet suit!
- Model 2 CG Board provides ultra-realistic game play!
- Choose to race the Inland Channel or take on the mongo waves of the open sea!
- **Here comes the Sun!** It's a sunny day on the coast as you cruise through magnificently detailed tropical scenery!
- Player has three methods of control:
 1. Turn the WAVERUNNER's handle-bars
 2. Moderate the accelerator
 3. Lean the WAVERUNNER with the turns of the course
- WAVERUNNER is linkable up to 4 Units!
- Three Courses - Beginner, Intermediate and Expert.
- Two Views - Driver's View and View-from-Above.
- HUMONGOUS Waves, CRAZY Turns, BIG Jumps... **KILLER ACTION!**
